215.404-72 Modified weighted guidelines method for nonprofit organizations other than FFRDCs.

- (a) Definition. As used in this subpart, a nonprofit organization is a business entity—
 - (1) That operates exclusively for charitable, scientific, or educational purposes;
 - (2) Whose earnings do not benefit any private shareholder or individual;
 - (3) Whose activities do not involve influencing legislation or political campaigning for any candidate for public office; and
 - (4) That is exempted from Federal income taxation under section 501 of the Internal Revenue Code.
- (b) For nonprofit organizations that are entities that have been identified by the Secretary of Defense or a Secretary of a Department as receiving sustaining support on a cost-plus-fixed-fee basis from a particular DoD department or agency, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, with the following modifications:
 - (1) Modifications to performance risk (Blocks 21-23 of the DD Form 1547).
 - (i) If the contracting officer assigns a value from the standard designated range (see 215.404-71 -2(c)), reduce the fee objective by an amount equal to 1 percent of the costs in Block 20 of the DD Form 1547. Show the net (reduced) amount on the DD Form 1547.
 - (ii) Do not assign a value from the technology incentive designated range.
 - (2) *Modifications to contract type risk (Block 24 of the DD Form 1547).* Use a designated range of -1 percent to 0 percent instead of the values in <u>215.404-71</u> -3. There is no normal value.
- (c) For all other nonprofit organizations except FFRDCs, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, modified as described in paragraph (b)(1) of this subsection.
